

Save the Date!

October 9-10, 2007

CTF is pleased to announce plans to hold trainings for grantees and partners on October 9 and 10. Because of state budget restrictions, CTF is unable to hold its traditional annual conference. But we are excited to offer you this new training opportunity in its place:

WHAT: Training will be provided through the FRIENDS National Resource Center for Community-Based Child Abuse Prevention (CBCAP). FRIENDS (Family Resource Information, Education, and Network Development Service) provides training and technical assistance to federally funded CBCAP lead agencies.

WHEN:

October 9—Geared toward local councils.

*Possible training themes are network self-assessment and sustainability, peer review, and evidence-based practices and programs.

October 10—Geared toward direct service grantees.

*Possible training themes are outcome accountability, logic models, and evidence-based practices and programs.

CTF will also offer trainings on EGrAMS, data collection, and grant administration on each day. Grantees will be welcome to attend both days of training if desired.

WHERE: The trainings will be held in Lansing. The location is being finalized, and travel and lodging details will be communicated to you as soon as possible.

*Please note: CTF is able to acquire this FRIENDS training at no cost. CTF is waiting for DHS and State Budget Office approval to hold this event and will let grantees know when final approval is obtained. This training will take the place of the annual conference and is **required for grantees.**
